Weaving Webs of Connection – Virtual Spiritual Health Pilot Program

Welcome. This free service is dedicated to people with advanced illness and their loved ones, who have little access to other emotional, social or psychospiritual support (e.g. due to rural living, limited mobility or ability to travel). Sessions are offered by clinical spiritual health practitioners one-to-one and in groups, by phone or video call. Currently sessions are offered in English only.

Please complete this 2-PAGE form to refer someone or to refer yourself, filling in as much information about them/you as possible. If you'd prefer to share this information over the phone with one of our team members, please call us at **778-676-1135** or email virtuallspiritualhealth@phsa.ca
